Al Interview Project

7조 문호진 박소은 장정우 정하영

Due to the Covid, many companies have changed their recruition by having an AI interview.

We made AI Interview Helper to make the interviewer to take a pre-test and judge themselves.

Milestone

11/8 - 11/14 11/15 - 11/21 11/22 - 12/5 12/5 -12/20 Research and **Getting Ready** Make web page Merging Production & for using >> >> >> for each person Fixing the Flask (Python) Final Presentation sources 문호진,장정우 박소은, 장정우, 정하영 All 박소은,장정우,정하영 1. Web page frame production 1. Blinking counter & Eye tracking 1. Link the functions to the 1. PPT 2. Save the interview result 2. Facial expression detector 2. Demo homepage.

3. Presentation

in MySQL

^{3.} Manage membership Information using MySQL

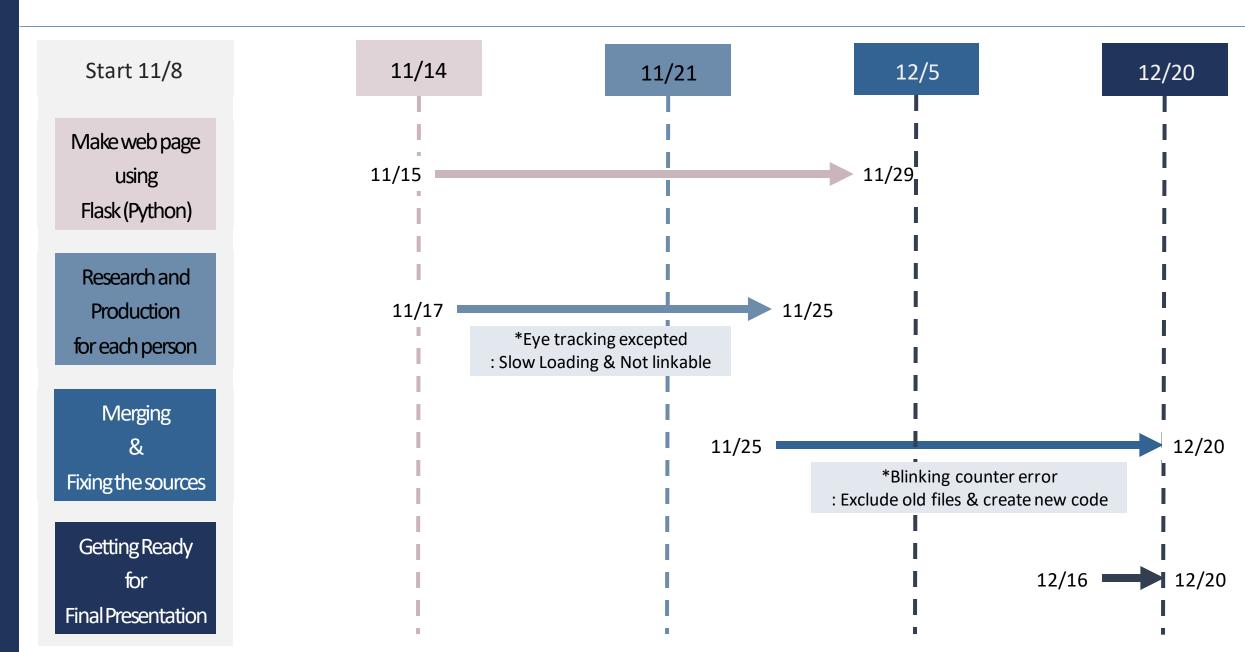

^{3.} Sound device

^{2.} Pop-up

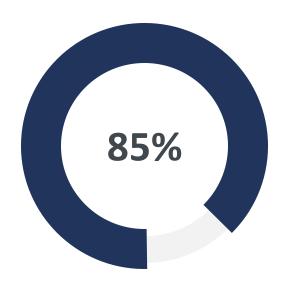

^{3.} Timer

^{4.} Navigation bar

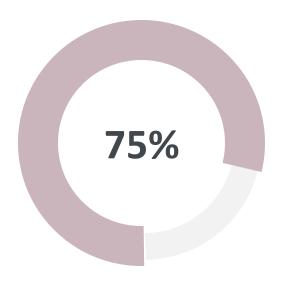

Milestone

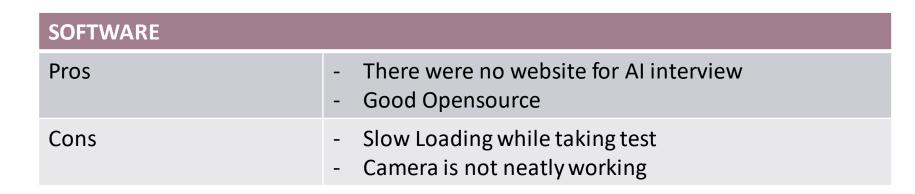

FEEDBACKS

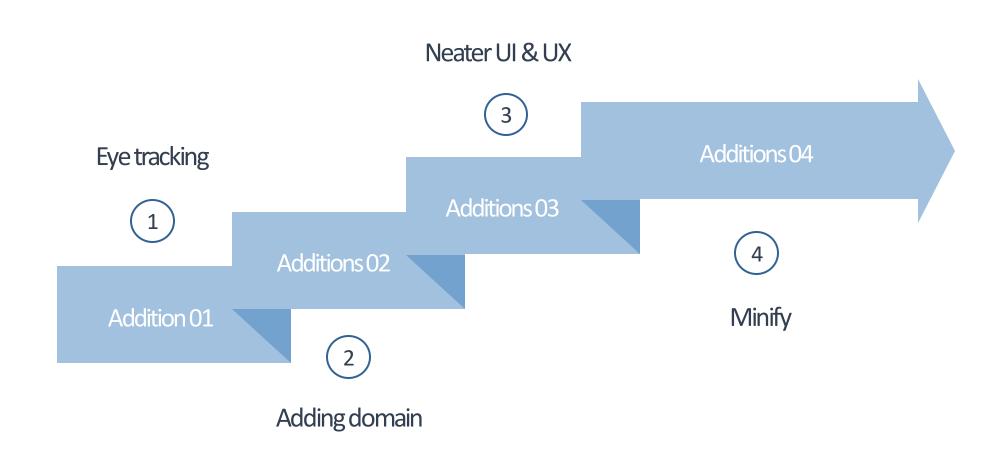

UI & UX	
Pros	Design is neatNavigations are easyTest Results are readable
Cons	Some small designs are untidyThe Absence of photos or icons

Additions for software

감사합니다
